Nooneleftunhelped.org

Children of murdered Parents launched with 40 children who parents were murdered in Baltimore City.

Our Children have been deeply hurt by the murder of their parents. We want to help them channel their pain in a positive way.

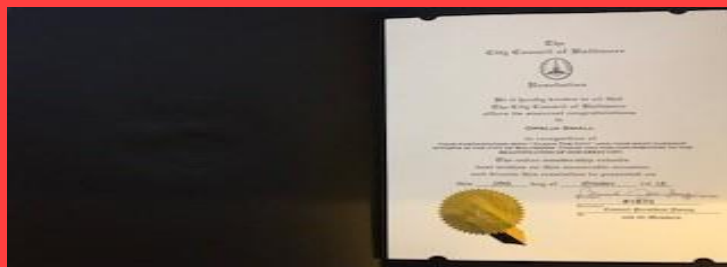

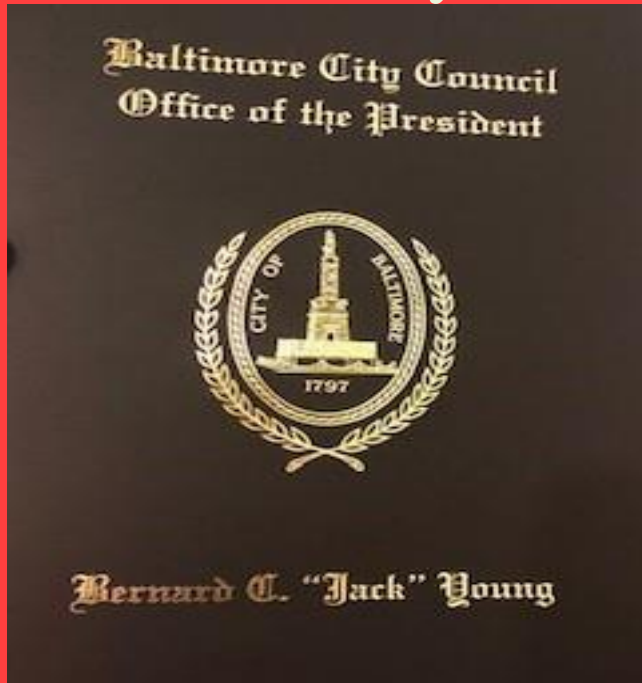

The children are teased so much because of the death of their parents. We honor them for being so brave and having the strength to thrive. Each Child receives a plaque for bravery.

We march weekly for peace.

17 NOLU Volunteers Honored for our work in Baltimore City by: President of Baltimore City Council Bernard C. Young.
